Why collaborate with us?

- Closing the skills gap between developed and more progressing regions of Europe
- Development of local innovation ecosystems
- Contributing to jobs creation especially in the post-Covid19 timeframe
- Increasing the competitiveness of the region and the whole EU
- Dialogue with governments and public stakeholders (international good-practices and knowledge-sharing)

How?

- Open calls for Campus and Business Creation programmes (Q1)
- Participate at awareness raising events and local ecosystem workshops

Thank you!
