INTRODUCTION

It is our pleasure to invite you, on behalf of the Organizational Committee, to the 6TH International ICQME Conference that will be held on the Montenegrin coast between 20 and 22 September, 2011.

The 6TH International ICQME Conference will be realized in the organization of the Center for Quality of the Mechanical Engineering Faculty in Podgorica, and will be sponsored by the Government of the Republic of Montenegro. The idea of Conference has first come to life when a need was felt to have the eleventh traditional National Conference on Quality Management System (SQM) with the international participation evolve into an international conference, with an extension of thematic areas to be covered.

National Conference on Quality Management System (SQM) with the international participation has been gathering prominent experts from the field of quality over the last ten years. In addition to the local, Montenegro experts, the participation lists included a number of well-known scientists and experts from France, England, Italy, Denmark, Slovenia, Serbia, Bosnia-Herzegovina, Croatia, and Macedonia.

At the 6TH International ICQME Conference some of the vital issues of quality, management, engineering, education, and environmental protection will be discussed, and the participants will be from both the university and the commercial fields, which will contribute to a more productive exchange of ideas and experiences.

Zdravko Krivokapić, Milan Perović

CONFERENCE COMMITTEE:
