

Co-funded Marie Curie Actions

CEI RESEARCH FELLOWSHIP PROGRAMME

CERES

Call Announcement

The CEI Executive Secretariat offers 10 post-doctoral fellowships in the context of the **CEI Research Fellowship Programme – CERES**, co-funded by the EC through its Seventh Framework Programme for Research and Technological Development – Marie Curie Actions. The duration is 12 months, experienced researchers¹ from CEI Member States² are eligible.

CERES is promoted in cooperation with 5 partner institutions, namely:

- ⇒ International Centre for Genetic Engineering and Biotechnology – ICGEB;
- ⇒ International Centre for Theoretical Physics – ICTP;
- ⇒ Cluster in Biomedicine – CBM;
- ⇒ International School for Advanced Studies – SISSA;
- ⇒ Synchrotron – ELETTRA.

These institutions cover a large spectrum of highly relevant scientific research such as physics, maths, genetics, biotechnology, neurosciences, nano-sciences, bioinformatics: therefore, fellows will be given the chance to choose the topic of their research projects, as well as their host institution.

Considering that these centres of excellence are located in the area of Trieste, Italy, and taking into account that CERES supports incoming mobility, Italian nationals are not eligible.

Complete applications must be sent via e-mail to the following address: ceres@cei-es.org by **28 June 2009**.

To download the relevant documentation and for further information, please visit: www.ceinet.org/CERES or write an e-mail to Mr. Alessandro Lombardo, lombardo@cei-es.org.

¹ *Experienced researchers* are researchers already in possession of a PhD or having at least 4 years of professional research experience

² **CEI Member States** are: Albania, Austria, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Hungary, Italy, Macedonia, Moldova, Montenegro, Poland, Romania, Serbia, Slovakia, Slovenia, Ukraine.
